Rotterdam < > Kornwestheim	10,43 €	14,79 €
Rotterdam < > Munich	13,54 €	19,33 €
Rotterdam < > Nuremberg	11,50 €	15,97 €

Surcharge for strongly deviating cost prices for electrical energy. The surcharge is dependent on TEU and distance. The calculation of the energy floater is based on the average index values of the last defined 3 months for the corresponding quarter. The basis is the traction current index (traction current, rail freight transport) from DESTATIS. The Energy Floater Rail is calculated per TEU and transport direction and shown separately on the invoice. □
